

# TurboCAD® Mac Deluxe v10

*Precision 2D Drafting and 3D Modeling!*

**TurboCAD Mac Deluxe v10** is a complete precision design solution that makes it easy to design anything. Through a simple interface, quickly layout floor plans, diagrams, and illustrations with the complete set of 2D/3D drafting and design tool, or import existing 2D/3D CAD files and modify, redline, or markup.

**Easy to Learn & Use Features** are the hallmarks of TurboCAD Mac Deluxe 2D/3D. Training videos, a drawing wizard, and context sensitive help get you started. Access specialized architectural tools for simplified 2D/3D home design, or quickly model complex 3D mechanical objects with advanced mesh modeling, surface modeling, and the powerful ACIS® solid modeling engine and file filters.

**Simply Share Designs** in multiple formats. The Print Window and Print by Layer Tool makes 2D Printing a snap, and TurboCAD Mac even offers a suite of tools to prepare a part for 3D Printing. Publish single or multi-page PDFs, including 3D PDF data for interactive documents, or export to one of the many desktop publishing formats for placement in brochures and more. Even create QuickTime video recordings directly from TurboCAD Mac.

## KEY FEATURES

- ✓ **Complete 2D/3D Design Tools**, markup and redlining tools, flexible gripper tool, layers and layer sets, LogiCursor™, and 64-Bit compatibility.
- ✓ **Productivity Features** including a video tutorials, drawing wizard, space mouse support, customizable toolbars, and context sensitive help.
- ✓ **Valuable Content** including over 38,000 2D/3D symbols and parts, plus hatch patterns, colors, and 2000 materials.
- ✓ **Powerful ACIS 3D Solid Modeling Engine** and file filters to create realistic, complex 3D objects as well as data crucial for engineers.
- ✓ **Easy Architectural Design Tools** like 1,000 pre-drawn floorplans, 2D/3D self-healing walls, and parametric architectural doors and window.
- ✓ **Mechanical Design Features** to quickly model complex 3D objects. Simple and advanced surface tools, mesh tools, as well as modifiers and transformation tools are included.
- ✓ **Publishing Tools** to save designs as single or multi-page PDFs, export to a desktop publishing format, or record a QuickTime video.
- ✓ **Outstanding File Compatibility** with AutoCAD®, Adobe®, and SketchUp® product formats along with many more for file sharing.
- ✓ **Suite of 3D Printing Tools** to check and prepare a part for 3D printing.

...and much more!

## Dozens of New Features & Enhancements

**PERFORMANCE** – TurboCAD Mac Deluxe 2D/3D v10 uses multi-threading to speed operations including file imports and facet calculations. We've also updated the ACIS® engine by two major releases for several solid modeling improvements.

**USABILITY** – New Selection Tools, New Copy Key Original Layer Option, New/Improved Draw View, and New Customizable Context Menu allow for more efficient workflow. We've also expanded the Bill of Materials options and updated the Gripper tool.

**3D MODELING** – In addition to updates to the underlying solid modeling engine, TurboCAD Mac Deluxe v10 offers a New Repair Curves operation, New Magnet tool, and Improved Infinite Plane Objects (sizeable and transparent) for added flexibility.

**INTEROPERABILITY** – Major improvements to TurboCAD Mac Deluxe v10 file filters including IGES, STEP, SAT, DWG, and STL. SketchUp® 2016 Import is now supported and SketchUp Export has been added along with New SAB Export and New 3D-PDF Export.

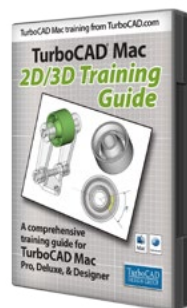

...and much more!

## TurboCAD Mac 2D/3D Training Guide

This multimedia training program builds on the in-product training with 16 self-paced work sessions in an educational video format. Watch and learn essential 2D drafting and 3D modeling skills. **Complete Step-by-Step Tutorials**

**MSRP: \$99.99**

## USER REVIEWS

### Elegant Design

"TurboCAD for Mac is the most elegantly designed CAD program I've ever used. Its beauty is its simplicity. Congrats on a job well done."

–D.F. TurboCAD User

### Terrific Value

"...a terrific value for professionals looking for a full-featured 2D and 3D drafting application for creating CAD drawings."

–Greg Miller Macworld.com

## SYSTEM REQUIREMENTS

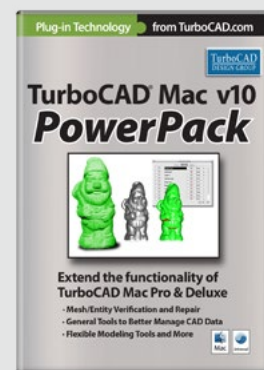

### TurboCAD Mac Deluxe v10 System

**Requirements:** Macintosh® OS X 10.8 (Mountain Lion), 10.9 (Mavericks), 10.10 (Yosemite), 10.11 (El Capitan), and 10.12 (Sierra) Intel® Mac®, 8 GB of hard disk space, 4 GB RAM or greater, Mouse Pointing Device (wheel button recommended). Compatibility not guaranteed for later operating systems. TurboCAD Mac supports Apple's 64-bit architecture.

## Extend the Power of TurboCAD Mac Deluxe with TurboCAD Mac PowerPack

This add-on module to TurboCAD Mac Deluxe extends the standard functionality with tools to verify and repair mesh, curves, surfaces, and solids. Additional tools provided include verify and repair profile.

**MSRP: \$99.99**
